

Cckar-Flox

Nomenclature	C57BL/6Smoc- <i>Cckar</i> ^{em1(flox)Smoc}
Cat. NO.	NM-CKO-2104143
Strain State	Sperm cryopreservation

Gene Summary

Gene Symbol Cckar	Synonyms	AW106902
	NCBI ID	12425
	MGI ID	99478
	Ensembl ID	ENSMUSG00000029193
	Human Ortholog	CCKAR

Model Description

These mice carry loxP sites flanking exon 3 of Cckar gene. When crossed with a Cre recombinase-expressing strain, this strain is useful in eliminating tissue-specific conditional expression of Cckar gene.

*Literature published using this strain should indicate: Cckar-Flox mice (Cat. NO. NM-CKO-2104143) were purchased from Shanghai Model Organisms Center, Inc..
