

Zap70-Flox

Nomenclature	C57BL/6Smoc- <i>Zap70</i> ^{em1(flox)Smoc}
Cat. NO.	TBD
Strain State	Developing

Gene Summary

Gene Symbol Zap70	Synonyms	Srk, mur, mrtle, ZAP-70
	NCBI ID	22637
	MGI ID	99613
	Ensembl ID	ENSMUSG00000026117
	Human Ortholog	ZAP70

Model Description

These mice carry loxP sites flanking target exons of Zap70 gene. When crossed with a Cre recombinase-expressing strain, this strain is useful in eliminating tissue-specific conditional expression of Zap70 gene.

*Literature published using this strain should indicate: Zap70-Flox mice (Cat. NO. TBD) were purchased from Shanghai Model Organisms Center, Inc..

Validation Data

No data
