

Pirt-Flox

Nomenclature	C57BL/6Smoc- <i>Pirt</i> ^{em1(flox)Smoc}
Cat. NO.	TBD
Strain State	Developing

Gene Summary

Gene Symbol Pirt	Synonyms	A530088H08Rik
	NCBI ID	193003
	MGI ID	2443635
	Ensembl ID	ENSMUSG00000048070
	Human Ortholog	PIRT

Model Description

These mice carry loxP sites flanking target exons of Pirt gene. When crossed with a Cre recombinase-expressing strain, this strain is useful in eliminating tissue-specific conditional expression of Pirt gene.

*Literature published using this strain should indicate: Pirt-Flox mice (Cat. NO. TBD) were purchased from Shanghai Model Organisms Center, Inc..

Validation Data
